

Welcome to Our Web Site!

Our mission is to nurture dignity for all by encouraging democratic relationships and a sense of belonging.

What we do. A nonprofit educational organization founded in 1975, the Puget Sound Adlerian Society offers information, referrals, workshops, courses, and other resources and support to parents, parent educators, teachers, counselors, school counselors, therapists, psychologists, workplace managers, and other people who are interested in mutually respectful, cooperative relationships--*community-building*--in families, classrooms, workplaces, and everywhere else. Adlerian Psychology is the foundation of our work. (See [Adlerian Psychology 101](#).)

Parent education has been a major focus. We help parents choose attitudes and actions of respect for their children and themselves, attitudes and actions that strengthen a child's sense of belonging and strengthen the family. ([The Parenting Calendar](#) lists many agencies' parenting courses including our **Sanity Circus**.)

We also offer seminars, workshops, and other events for parents, parent educators, educators, counselors, therapists, social workers, school counselors, and psychologists, with CE hours and clock hours. (See [PSAS Events](#). **Flyers** for specific events, including **Sanity Circus**, are linked to listings in **PSAS Events**.)

We invite your participation. Everyone is welcome to our monthly **First Friday Forums**. The forums offer presentations and discussion on various topics including parenting and counseling. Among the benefits of membership are discounts on many events and most book purchases. (See [Membership Form](#).)

We also invite your financial support! For the 2009-10 school year we need funding for *The Parenting Calendar* and **Sanity Circus**. Please call us or click on **Donation** (on the left).
